

Dear Mr. Leech,

Thank you for coming to our school. We really enjoyed it, especially when you showed us your leech. Lots of the parts were hilarious too! We also enjoyed when you explained about the four humours.

It was funny when you said Leticia was in love with Rubeen. The skull heads you bought in were really cool, and the arrows too.

We thought it was really funny and disgusting when you said that the doctors in Tudor times touched the poo, wee or vomit and they licked their fingers to see what the customer ate and drank.

We thought the Bubonic Plague was really dangerous. The rats on the ships were really disgusting.

The flies were really disgusting too! Imagine flies landing on a Tudor's food, vomiting on it and eating it back up!

We hope you had a good time!
